**Totals: 19 19**

Max Drops: 3

*Number of drops: 1 plus one for every 6 races completed*

**INTERNATIONAL ONE-DESIGN CLASS  
SAN FRANCISCO IOD FLEET**

2008 Racing Season Scoring and Qualification

**1. Scoring**

As the SF IOD fleet has no officially documented season scoring system, we must use RRS A9, Race Scores in a Series Longer than a Regatta. This states:

*For a series that is held over a period of time longer than a regatta, a boat that came to the starting area but did not start, did not finish, retired after finishing, or was disqualified shall be scored points for the finishing place one more than the number of boats that came to the starting area. A boat that did not come to the starting area shall be scored points for the finishing place one more than the number of boats entered in the series.*

**2. Qualification for 2009 International Events**

*Series:* Seven WBRA race days, plus Woodies Invitational (total of up to 19 races). The number of throwouts will be one plus an additional one for every six races completed (total of three expected).

*Eligibility:* In addition to eligibility provisions in SF IOD Fleet and WCA regulations, boats must start in at least half of the races of the qualifying series.

*Selection order:* The first place boat shall have first choice of event (2009 Worlds strongly encouraged), second place second choice, etc. If events remain once all eligible boats have selected, then the first place boat selects again, etc.
